NOTICE!

Please look over this market card carefully. Note the prices at which we are quoting Dickinson's PINE TREE Brand Seeds.

Seed markets quiet, awaiting the Spring demand. On account of farmers needing ready funds they sold freely so that the amount of seed - Timothy, Clover, etc. - left in producers' hands is reported less than usual.

The size of this year's crops of most field seeds was smaller than last, and on account of favorable weather at harvest time the quality is generally better.

When you are in the market state quantity, time of shipment wanted, and we will be pleased to quote firm price.
